## Parent Newsletter - October 2017

Parents,

Fall is here! It's that time when our students begin to start working on their Fall Programs. This is a special day for your child to perform for you. Uniforms are not required. Please make arrangements to see your child's program. If you are unable to make the performance please send a representative. Family and friends are welcome to attend. Look below to find your child's Fall Program day. We will **not** have a party, only treat bags will be handed out at the end of the program. Students will be dismissed following their program. If your child will be staying after the program, please let their teacher know ahead of time. We don't want unhappy children, so we like to get them resettled quickly before other parents leave with their children. By letting us know they are staying ahead of time, you allow us to keep things running smoothly during the time of dismissal.

With October comes a Scholastic Book fair the last week of the month. The lobby will be full of book cases filled with a variety of children's books available for purchase during this week. We will not have a book order this month since we are hosting a book fair from October 23 – 27.

**Uniform Orders – winter uniform samples will in the lobby next week. These uniforms fit differently than the other short sleeve uniforms. Please make sure you size these uniforms to your child before ordering.**

---
